
UNIVERSITY OF CALIFORNIA, DAVIS
Department of Physiology & Membrane Biology

Recruitment Period

Open date: November 1, 2017

Next review date: November 17, 2017

Apply by this date to ensure full consideration by the committee.

Final date: June 30, 2018

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

Description:

The Department of Physiology & Membrane Biology at the University of California, Davis, School of Medicine seeks to fill one full-time position at the Assistant rank in the In-Residence Professor series.

UC Davis is a campus of about 35,000 students; it was recently ranked among the top 10 public Universities in the nation and 14th for extramural research funding. The campus has exceptional strength in the biological sciences, and is renowned for its highly collaborative environment. The campus is situated in an attractive college town in northern California.

BASIC QUALIFICATIONS

Applicants should hold a Ph.D. and/or equivalent professional degree with at least 10 years further research experience documented with peer-reviewed publications in scholarly literature. Applicant must also have the ability to work cooperatively and collegially within a diverse environment and adhere to the University policies and procedures.

The duties of this position will include conducting original research into mechanisms by which pharmaceuticals trigger cardiac arrhythmias, teaching graduate and postdoctoral students how to conduct original experimental research, and fulfill service obligations related to these research and educational missions. Obtaining funding for salary through extramural and other self-generated funding is a requirement of this position.

To apply, please visit the following link: <https://recruit.ucdavis.edu/apply/JPF01926> . A complete application will include a Curriculum Vitae, cover letter, a summary of research accomplishments and future plans, a description of teaching experience, a diversity statement, and the names of 3-5 individuals who can act as references. For full consideration, applications must be received by November 17, 2017. This position will remain open until filled, but no later than December 31, 2017.

UC Davis commits to inclusion excellence by advancing equity, diversity and inclusion in all that we do. We are an Affirmative Action/Equal Opportunity employer, and particularly encourage applications from members of historically underrepresented racial/ethnic groups, women, individuals with disabilities, veterans, LGBTQ community members, and others who demonstrate the ability to help us achieve our vision of a diverse and inclusive community. For the complete University of California nondiscrimination and affirmative action policy see: <http://policy.ucop.edu/doc/4000376/NondiscrimAffirmAct>. If you need accommodation due to a disability, please contact the recruiting department.

Under Federal law, the University of California may employ only individuals who are legally able to work in the United States as establishing by providing documents as specified in the Immigration Reform and Control Act of 1986. Certain positions funded by federal contracts or sub-contracts require the selected candidate to pass an E-Verify check. More information is available at <http://www.uscis.gov/e-verify>.

UC Davis is a smoke & tobacco-free campus (<http://breathefree.ucdavis.edu/>).
